4. Transcript from skype chat – Prior to meeting:

Hey Guys, I've been asked to come up with some technical requirements and competition format for the Youth Olympics in Senegal in 2022. The competition would be on a Straight Line Cable. If anyone would like to be involved in this please let me know, as I have to get something across by Monday (I have literally just taken the call) - it would mean a call tomorrow. Otherwise I will look to put something together.

Walter, 19:25

A call tomorrow would be good

Toño and Paul asked me also for presentations we made for Buenos Aires but I can only find the video we made

*Will try to find if we prepared
Something else*

Walter, 20:05

22:07

Thanks Walter 😊

17:51

Walter are you free now?

Lucien, 18:08

When ever you need opinion,.. i can help. I prepared 2020,.. but on a full size cable.

Fab, if you are both available now would be great for a chat

Lucien, 18:13

Rixen did some sheets and sketches for us. Big question would be how long it should be for what kind of format? Features only? Combined with Inverts? Only in corners or also on the straight? What kind of obstacles? How many rounds? Waterstarts? A lot of questions council. Apart of that the question how many riders? What about qualifications? How many riders could be in one round => Heatsystem? A lot of to discuss before with the council.

i am at dinner,.. one hour later would be good

18:14

*Looking to run 5 qualifiers in each of the regions, to take between 12-15 riders of each gender (15 would be good, as could take 3 riders from each region)
We are to put forward a meaningful format. I personally believe air tricks should be included but not 50/50 on Straight Line
1hr is ok for me. If anyone else would like to join the chat, please feel free. It should only be about an hour*

Lucien, 19:06

9 minutes!?

Thanks Lucien

Walter, 13:24
Hi Suzi, i got some complications during the weekend! Hope you could advance... the info should be ready today right? With not much time to discuss I would just put any reasonable format. Probable we can even change it a little later...

If I can help with something today let me know

Catherine, 13:29
I am available all day today and happy to help

13:33
Hey, yes I'm sending over today as soon as I arrive at holiday site. Will be in a couple of hours, currently travelling

Walter, 13:33
👍👍

Catherine, 03:12
Would like to be considered to host a qualifier if it is possible or help out in anyway I can
