

INTERNATIONAL WATERSKI & WAKEBOARD FEDERATION EUROPEAN CABLE WAKEBOARD COUNCIL WWW.CABLEWAKEBOARD.NET

Cable Wakeboard Council report for June 2020 Admincom

During the European Council meeting on 16 June where both E&A Champs organizers took part and World Council meeting on 17 June 2020, we agreed on the following:

1. Physical and Online competitions

Suzi compiled a presentation for the discussion for online events.

Physical International Competitions are cancelled for August, September to be discussed in the next meeting. Online competitions will go ahead, testing with a small 1Star 100 point comp. All Confederations should encourage riders to enter.

All regional councils should actively encourage all countries to run competitions as National Competitions and allow International Riders to attend.

2. European Championships

There are too many concerns, both EC had to be cancelled. Luckily both organizers are willing to host 2021 (Germany, Beckum Open and Hungary, Omszk Y&S), we're discussing possible dates.

3. Ranking points for 2021

We missed to do this on CWWC call, but in Europe we're still reviewing two approaches

4. Age categories

ECWC proposed to change, CWWC agreed unanimously, so starting 2021 former U15 are U14 and former U19 are U18. This does not affect the Worlds in January 2021 as it is technically a 2020 event.

5. IWWF COVID-19 guidelines

Suzi will forward our remarks to Paul, mainly considering a mandatory medical insurance for all officials and competitors that would cover COVID-19 induced expenses of medical treatment, imposed quarantine etc.

6. Dream site discussion from IWWF president

Everyone will compile their two lists and we'll make a final list out of all suggestions.

7. IWWF Logo update proposal – we don't really like it, sorry

Manuel Orlando – ECWC president Suzi Nightingale – CWWC president 17 June 2020
