  - EMS  
Dany will compare the expiration dates of our officials in EMS and see if they match the expiration dates of the tournament qualifications. She will also check if anybody needs to retake their exams.
13. Seminar 2023

We will have one session on Friday in conjunction with Waterski.  
Saturday afternoon we will have one breakout session for one hour. This should be at a different time to the scorer breakout session. Dany will ask Sid and Marie-Anne to bring the CAS. Paul will bring a battery for the CAS. Paul will update his presentation from 2019 so it can be used.  
We will need a Teams meeting in beforehand, and a short meeting on Friday before the Seminar.
14. Matters from/to AdminCom  
No matters, but we discussed the travel expenses for officials.
15. Matters from/to IWWF Disabled council  
Paul explained that there are ongoing meetings with the IWWF EB in relation to Officials travel to titled events.
16. Financial issues  
None
17. A.O.B.  
The future of the Disabled Council will depend on how many skiers and countries participate in the E&A Championships and the IWWF Championships for Disabled. To justify the need for a E&A Championship there should be at least 8 countries participating. This is not an issue yet, but it could be in the future.
18. Date & Place of the next meetings.  
The next meeting will be a Team meeting 16. March at 20.30 and then there will be a meeting at Radisson Blu, Stanstead, London 24, March 09.00.
