If Dany doesn't hear anything about the E&A Disabled Championships in three weeks' time she will contact Ricardo to get an update.

All Norwegian competitions are open to disabled skiers

### 10. Rules

- Ivar sent a draft with updates of the 2020 E&A Additional rules Waterski for the Disabled last week. The E&A Tournament Council will reorganise their E&A Additional rulebook and send it out late February. Ivar will have to reorganise the links to Tournament Additional Rules after TC changes.
- In the IWWF technical rules Waterski for the Disabled, the rule about maximum speed in slalom for male 35+ skiers will change.

### 11. Officials

- Update Officials list

Carmen has sent the latest version of the officials list to the E&A Office. We need the latest up to date list of officials so that it can be checked against the EMS system.

We will not have to update the officials list on our website, instead we will add a link to the EMS page.

### 12. Seminar 2020

Carmen is checking with the TC what they will present for the Seminar.

Ivar will bring the CAS to the seminar. Carmen will ask Gavin for a car battery to the CAS, we will need it at Saturday. Paul will use the same presentation as last

year, and hopefully we can show some videos from the 2019 World Championships.

### **13. Matters from/to AdminCom**

All up to date

### **14. Matters from/to IWWF Disabled council**

None

### **15. Financial issues**

We will review the budget in the November meeting to see if we can reimburse the council members with an additional grant.

### **16. A.O.B.**

- New website  
We need a new provider for our website, both for the E&A and Worlds. Heidi will check the possibilities, preferably before the meeting at the Seminar, latest at the November meeting.
  
- Factors cable wakeboard  
We received a request to add a new category in cable wakeboard for leg amputees who will ski seated. Therefore the factors should be revised. The Cable Wakeboard Council came up with a proposal but Philippe believes the factors proposed aren't correct. After discussion, we agreed on the following factors:
  - AB: 1.0
  - LA: 1.2
  - MP3: 1.4
  - MP2: 1.8
  - MP1: 2.2

### **17. Date & Place of next meeting.**

Next meeting will be Thursday 2<sup>nd</sup> April from 13.00 until 18.00 and Friday 3<sup>rd</sup> April from 09.00 until 13.00.

*During the meeting the Council was visited by Sid Adriaensen, Patrice Martin and Peter Frei.*

*Peter Frei provided us with a detailed update on EMS.*
